

EU-Eastern Europe and Central Asia Gateway on ICT Research and Development

ISTOK-SOYUZ and Partnering projects Results and recommendations for the EU-EECA collaboration

Svetlana Klessova, inno AG
ISTOK-SOYUZ project coordinator

ISTOK-SOYUZ Final Event
7 June 2011, Moscow, Russia

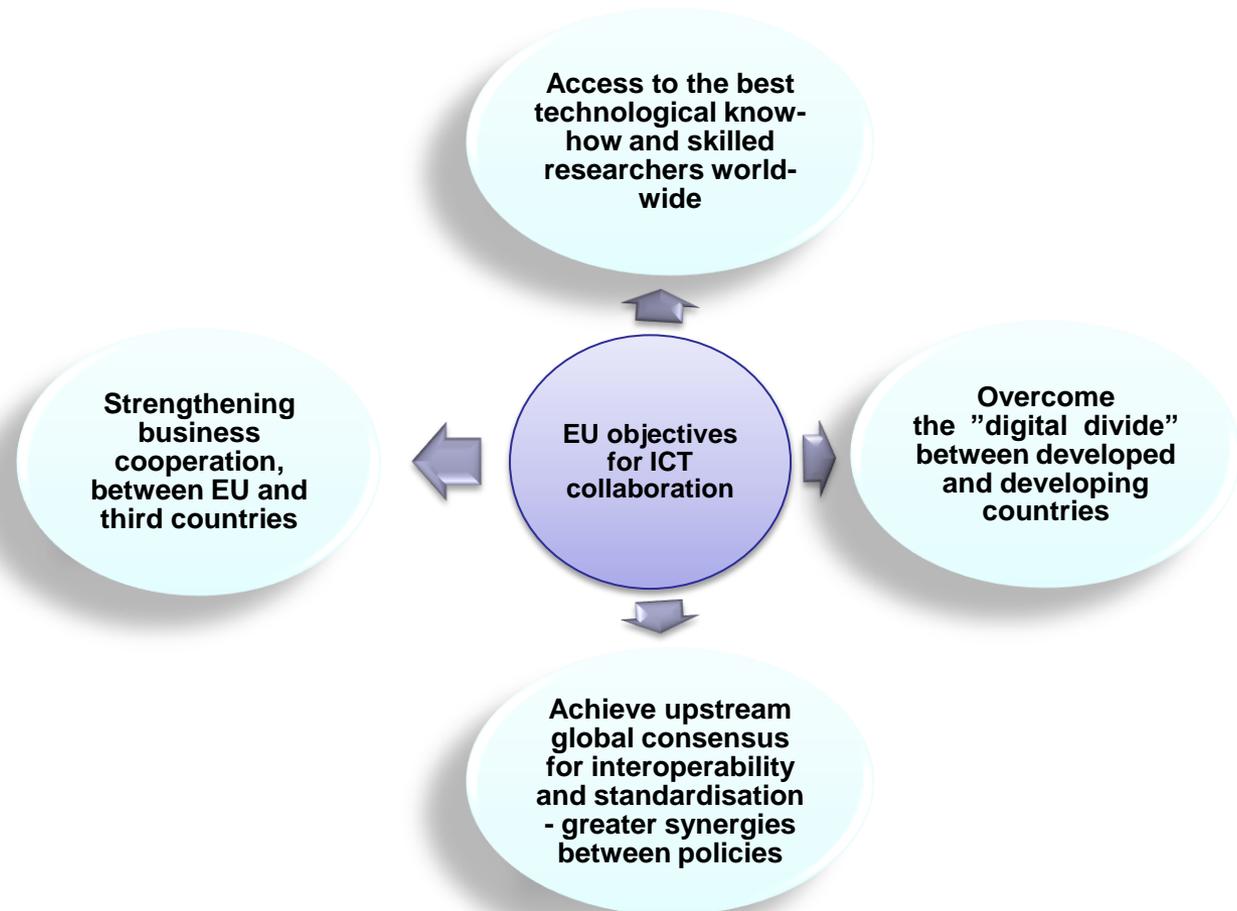

EU-EECA ICT Cluster is the joint effort of three FP7-ICT support actions (ISTOK-SOYUZ, SCUBE-ICT, EXTEND) to strengthen the collaboration in ICT research between European Union and Eastern Europe and Central Asia (EECA) countries

Main objectives of the international cooperation for the EU in the ICT field

The **main objectives** of international co-operation in ICT are to:

- Support and promote European competitiveness through strategic research partnerships with third countries by engaging the best third country scientists to work in and with Europe.
- Address specific problems that third countries face or that have a global character, on the basis of mutual interest and mutual benefit.

ISTOK-SOYUZ Identity Card

Consortium

- FP7 project
- International cooperation support action
- Start: 1st January 2009
- Duration: 30 months
- Target groups: National ICT stakeholders, ICT R&D organisations and companies

The overall objective of the **ISTOK-SOYUZ** project is to explore new opportunities for ICT collaboration between EU and Eastern Europe and Central Asia countries and to foster the EU ICT programme awareness activities in order to increase the number of the international collaboration projects involving partners from EECA countries.

ISTOK-SOYUZ Objectives

Specific objectives of ISTOK-SOYUZ:

- To promote the EU ICT programme and contribute to the definition of the collaboration strategies between EU and EECA
- To increase the visibility of mutual R&D potential and networking of ICT stakeholders in EU and EECA
- To increase the number of joint proposals under the EU ICT programme, including EU and EECA R&D teams

ISTOK-SOYUZ : part of the EECA ICT Cluster

EECA ICT Cluster

The ISTOK-SOYUZ project joined forces with two other complementary FP7-ICT support actions to found the EECA ICT cluster

The EECA ICT Cluster

The Eastern Europe and Central Asia (**EECA**) ICT cluster is an initiative supported by the European Commission under the Information and Communication Technologies Thematic area of the 7th Framework Programme (FP7-ICT).

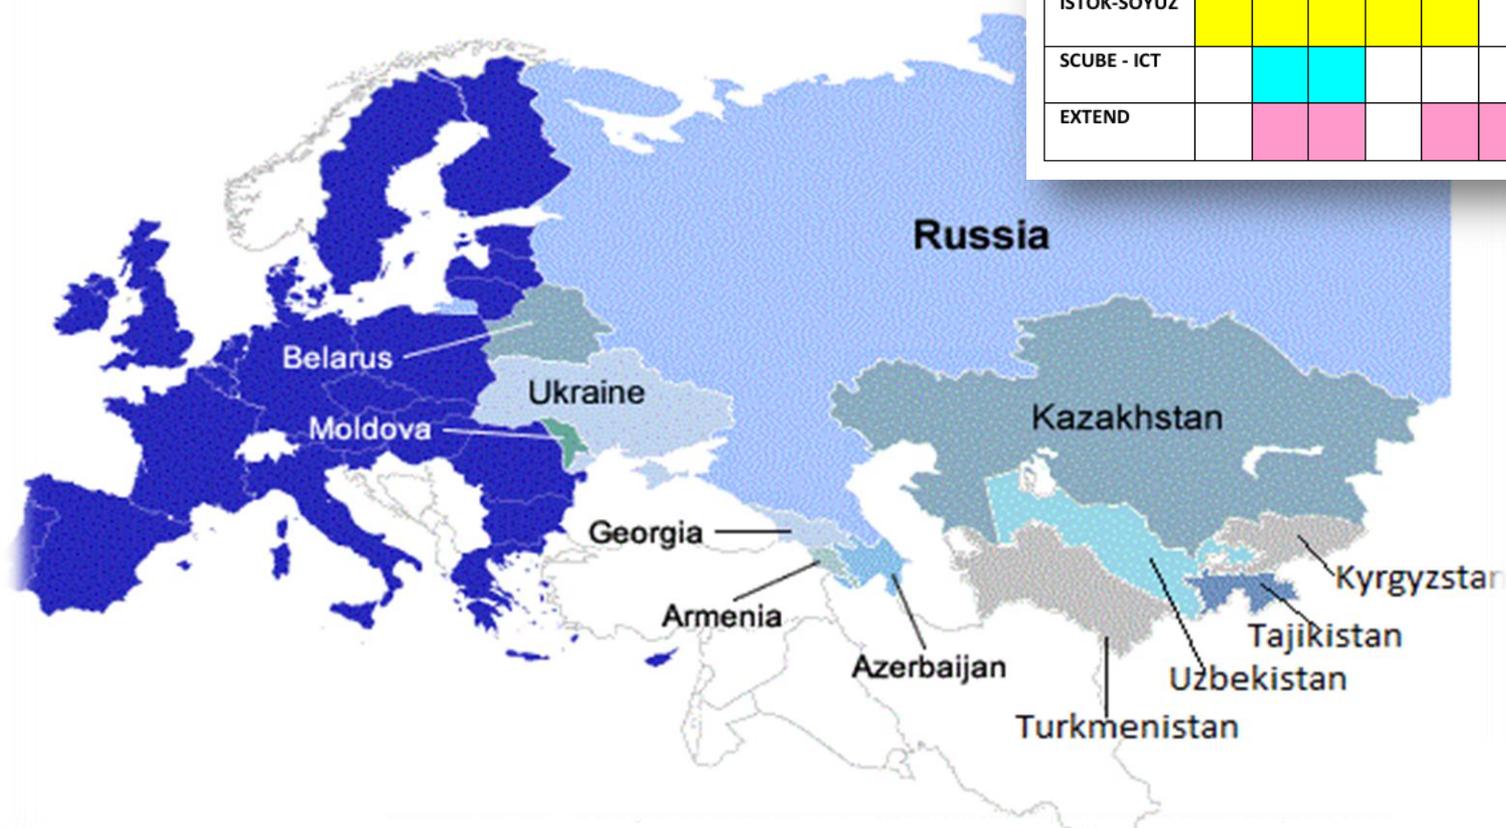

➤ **It aims at enabling the exploration of new opportunities for ICT R&D collaboration among researchers from the EU and the EECA countries and reinforcement of the EU-EECA ICT cooperation.**

Examples of other project materials and tools

The screenshot shows the homepage of the EECA web portal. It features a navigation menu with 'Home', 'EECA Countries', 'Projects', 'Events', 'Useful Information', 'Contact Us', and 'ICT2010'. A sidebar on the left includes 'Browse through the EECA ICT R&D excellence' and 'Get Support Access the EECA Help Desk'. The main content area displays a map of EECA countries (Belarus, Ukraine, Georgia, Armenia, Azerbaijan, Russia, Kazakhstan) and an 'Events Calendar' for July 2010. A 'Newsflash' section highlights the second EECA Newsletter and the FP7 EXTEND project Help-Desk services.

EU-EECA Web portal:
<http://www.eeca-ict.eu/>

The screenshot shows an issue of the EECA Newsletter. It features a header with the EECA logo and navigation links. The main content includes several articles with photos of participants, such as '2 papers for the EECA cluster challenge' and 'FP7 ICT Help Desk'. The layout is clean and professional, with a mix of text and images.

EECA Newsletters

The screenshot shows the 'Browse competences' page of the EECA ICT Competences Platform. It includes a search bar, a list of topics of interest (e.g., 'Pervasive and Trusted Net', 'Cooperative Systems, Interop Components, Systems, etc'), and a 'Sign up as a new user' form with fields for email, password, and confirmation password.

EU-EECA ICT Competences Platform:
<http://www.eeca-ict.eu/>

EECA ICT Help Desk

The screenshot shows the EECA ICT Help Desk interface. It features a 'Help-Desk' header and a navigation menu with 'Submit a Question', 'FAQ', 'Glossary', 'Your feedback', and 'FP7 Country specialists'. The main content area includes a 'Frequently Asked Questions' section with a list of questions and answers, and a 'Submit a Question' form. The interface is user-friendly and provides clear instructions for users.

EU-EECA ICT Cluster is the joint effort of three FP7-ICT support actions (ISTOK-SOYUZ, SCUBE-ICT, EXTEND) to strengthen the collaboration in ICT research between European Union and Eastern Europe and Central Asia (EECA) countries

Main results

101 EU –EECA Partnerships established and
25 Proposals submitted under FP7 ICT Calls

120 EECA teams received hands-on support

25 EECA organisations integrated into ETPs/NoEs

More than 140 detailed profiles of EECA experts on the EECA Competeces Platform

Express diagnostics of potential for ICT R&D collaboration with the EU of the EECA countries

Synergies and Liaison activities with stakeholders and other projects

Identified Courses of Action for More Effective Research Cooperation

Training Guide "Getting started with the EU ICT Research" and
Networking Guide "How to effectively network/communicate in International R&D projects"

ICT Priorities for EU-EECA ICT Cooperation

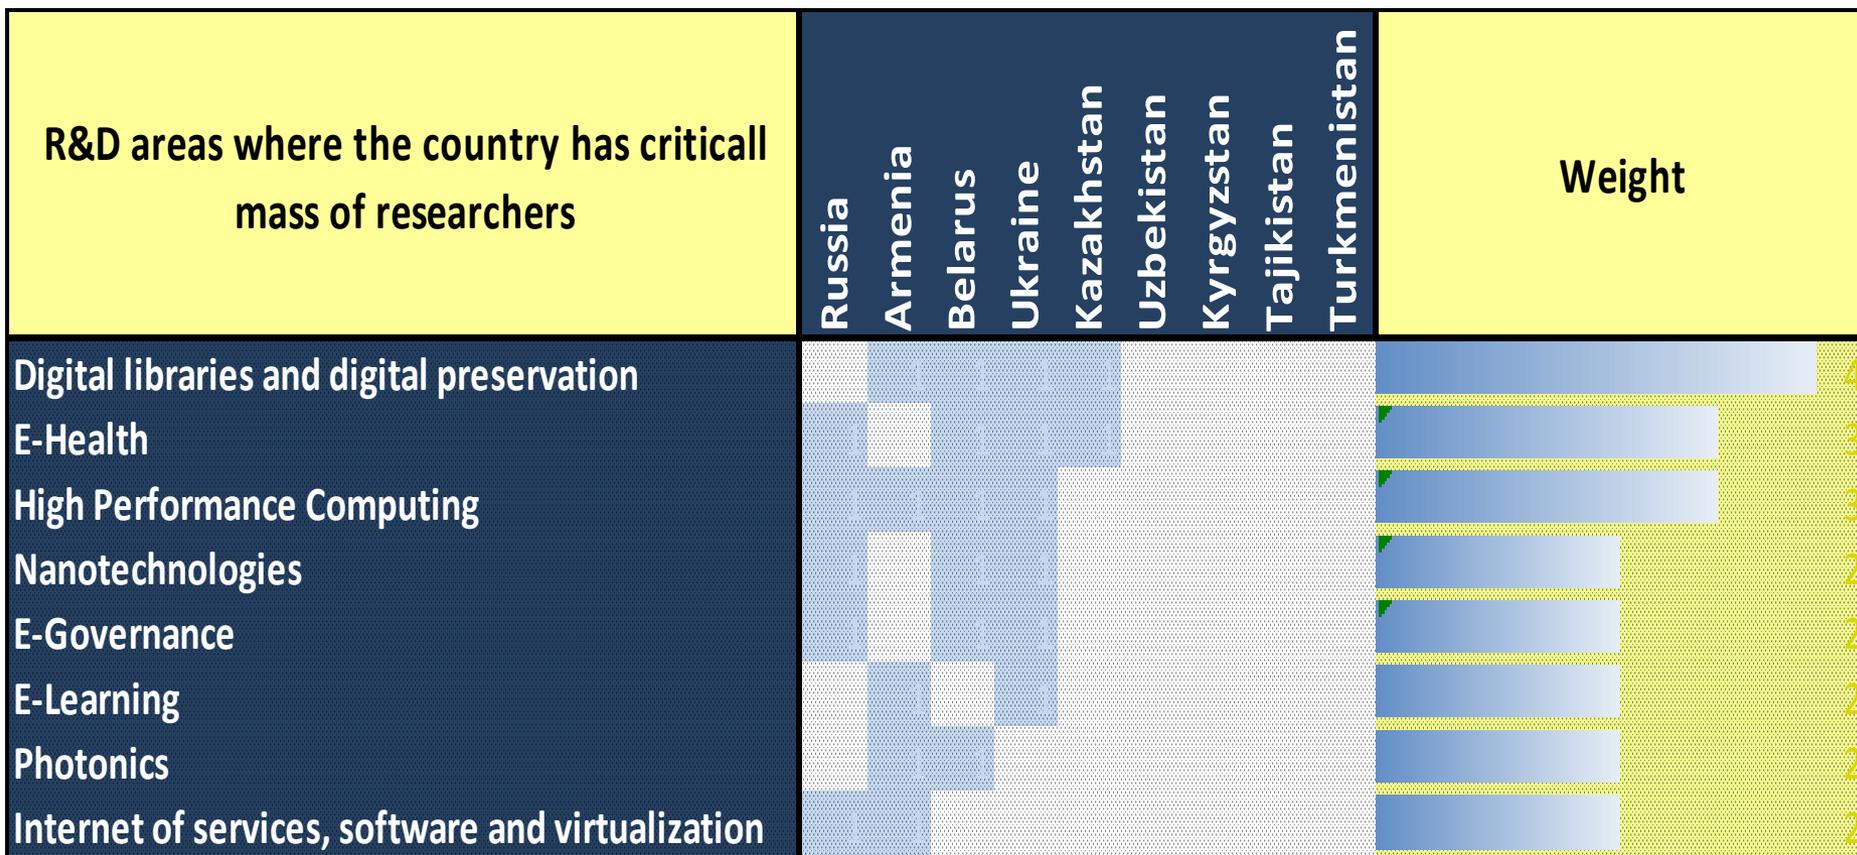

R&D ICT areas recommended for cooperation	Russia	Armenia	Belarus	Ukraine	Kazakhstan	Uzbekistan	Kyrgyzstan	Tajikistan	Turkmenistan	Weight
ICT for Health										5
The network of the future										4
Internet of services, software and virtualisation										4
Telecommunication										4
Nanoelectornics										3
Embedded Systems Design										3
GRID and Cloud Computing										3
ICT For Mobility, Environmental Sustainability And Energy Efficiency										3
Internet of things and entreprise environments										3
Network of the Future										2
Digital Libraries And Digital Preservation										2
E-learning										2
E-governance										2
Digital Libraries										2
Computing Systems										2
Components, Systems, Engineering										1
Intelligent information management										1
Technology-enhanced learning										1
ICT for governance and policy modeling										1
Future And Emerging Technologies										1
Photonics										1

TOP 5:

1. **ICT for Health**
2. **Network of the future**
3. **ISSV**
4. **Telecom**
5. **Nanoelectronics**

ICT R&D Critical mass distribution in the EECA countries

Recommendations

1

- Support EU-EECA ICT Policy Dialogue

2

- Exploit the EECA Research Diaspora in Europe

3

- Launch of twinning project(s) with authorities of EU Member States that possess considerable experience on national ICT policy monitoring systems and support structures

4

- Reinforce the FP7 participation training campaigns in the EECA countries

5

- Set up “*State Task Force for a more effective international cooperation in research*”

6

- Explore the access opportunities for EU researchers in the EECA countries’ programmes and other ‘international collaboration instruments’ beyond FP7 programme

7

- Enhance the National Contact Point (NCP) structure

8

- Implement awareness raising and dissemination campaign and promote ETPs and other EU networks in EECA countries

9

- Launch of ERA-Net project(s) to facilitate the exchange of experiences & knowledge transfer
